A Krewe with a Kause

YNKPLP is a volunteer membership organization formed with the mission of assisting amputees, their families and organizations that work with amputees.

In the past two decades we have helped amputees locally, regionally, statewide, nationally and internationally, providing more than \$400,000 in assistance.

The Krewe provides custom made hand-cycles and tricycle bikes to amputee children at the Tampa Shriners Hospital for Children.

Our Scholarship Fund is used to assist with the education expenses of college, trade or technical school student who are amputees. The members of the Krewe believe that education and training provide that additional step to success.

We also provide prosthetics, vehicle hand controls, home renovation and other forms of assistance to help enhance the quality of life of amputees.
